SÉMINAIRE INTERNATIONAL

Vector-valued approximation problems and applications to inverse problems in physics

29 AVRIL 2025
10H00

Salle des conférences
Faculté Polydisciplinaire de Safi

SÉMINAIRE II

- **Feynman parametrization and loop integral**
Prof. Benbrik (université cadi Ayyad, FPS)
- **Qualitative stability results applied to unilateral contact problems in solid mechanics with nonmonotone friction**
Prof. Ait Mansour (université cadi Ayyad, FPS)

Prof. Dr. Christiane Tammer
Institute of Mathematics,
Martin-Luther-University Halle-
Wittenberg, Germany

Point de contact :

- Pr. Mohamed Ait Mansour (ait.mansour.mohamed@gmail.com)
- Pr. Ahmed Daassou (ahmed.daassou51@gmail.com)
- Pr. Saida Bahsine (saida.bahsine@yahoo.com)
